

HEADSHOTS

Known for stunning children and family photography, Glimpses of Soul Photography also offers a comprehensive headshot portrait service. Portraits are created in the studio or on location, using high-quality, professional equipment and techniques.

Casual headshots are created using natural light and environmental backgrounds, providing a professional yet approachable look and are great for business, social media or personal use.

Corporate headshots are more formal, done with studio lights and a solid color backdrop. Represent yourself in the best possible light with an up-to-date professional image!

YOUR PORTRAIT SESSION INCLUDES:

- *a photo shoot at the studio, your office, or another location*
- *a digital copy of your two favorite photos in both black & white and color*
- *image formatted in both a high resolution and web resolution format*
- *images may be used for: business cards, marketing materials, online marketing & business websites, social media sites, inter-office & company publications, professional associations and databases*
- *additional images available at \$125 each or at web-resolution for \$40*
